MAN TAKES OWN LIFE

Three Others Fail In Suicide Tries

One man was dead and three persons remained under doctors' care today as the result of four suicide attempts during the past week.

Daly City police were puzzled as to the incentive for this record number of attempts during so short a span of time.

Alfred Samuel Hackman, 33, was found dead of a self-inflicted wound through his temple Wednesday. His body was found by his father, H. G. Hackman, upon entering their home at 114 Bepler street Wednesday morning.

Hackman was found sitting in a living room chair—a bullet through his left temple just in front of his ear. The suicide gun lay on the floor between his feet.

Police found no suicide note, but Hackman's father said his son had been out of work for some time, and had recently discovered he was ill.

Charles H. Rose, a resident at the New San Francisco Auto Court, was treated at Junipero Serra Hospital Tuesday after he had cut his throat with a razor blade.

The case was reported by the auto court manager, who found Rose in a weakened condition after he had attempted to take his life.

Miss Beula Nugent, 1220 Pine street, San Francisco, was treated at Junipero Serra Hospital Sunday after she had slashed her left wrist with a razor blade.

Police officers responded to a telephone call made by Miss Nugent from the house of a Daly City friend with whom she had been visiting. The police applied a tourniquet before rushing her to the hospital.

A report from attendants at Alameda Hospital Sunday informed the police department of an attempt by Ann Abeyda, 43 1-2 Liebig street, to take her life.

Mrs. Abeyda was treated at Alameda after she had taken a quantity of potassium bromate in a suicide attempt. She was released in custody of her husband.

District-Wide Founders Day Fete Held Tuesday Night

Parent Teacher Association units from all schools in this district were present Tuesday night for impressive Founders' Day commemorative rites in the Jefferson High School auditorium.

The program—a tribute to founders of the National Congress of Parents and Teachers—included recitations, music and ceremonial poems. Chairman of the affair was Mrs. Stella Jensen, of the sponsoring Jefferson High School P.T.A.

"Our Founders Wore Shawls," a play, was presented cooperatively by members of the Colma, Woodrow Wilson, General Pershing, Crocker, Brisbane and Jefferson High units, with Mrs. Jensen narrating.

Musical entertainment was provided by the high school orchestra, under the direction of King Stevens, and by the assembled Mother Singers of the district.

Welcome was voiced by Mrs. Eve Hobbs, high school unit president, and by Stanford Hannah, superintendent, who invited all parents to attend Open Schools Week activities in April.

Presidents and past presidents were introduced by Mrs. Hobbs. Life membership certificates were awarded by Mrs. Catherine Foreman to Mrs. Julia Peterson and Mrs. Marjorie Readeau, for "untiring efforts in behalf of Jefferson P.T.A."

Refreshments were served after the program by Mrs. Julia Peterson and Mrs. Lillian Thomey.

Baseball Star Bill Freeman Is Honored At Party

A group of some 16 friends and relatives gathered at the Casino at Belmont recently to honor Bill Freeman, local baseball star, at a "send-off" dinner-dance.

Freeman, former Jefferson High player who won recognition while playing for various local teams, is scheduled to leave in a few weeks for Boyes' Springs, San Francisco Seals' farm club.

Highlight of the surprise party, at which Bill and his wife were honored guests, was a birthday cake sporting a frosting baseball and the words, "Good Luck Bill."

Bid to honor Freeman were Mr. and Mrs. John Mosman, Mr. and Mrs. Ralph Capps, Corinne Cuneo, George Riccomi, Nadine McDonnell, Dick Little, Ophelia Mendez, Don Welsh, Kathleen Day, George Bournellis, Marilyn Mosman, Mac McGuire, Doris Hahn and Bill Wright.

Camera Stolen From Local Gas Station

Theft of a \$200 camera which had been turned over to him for security was reported Monday by Tex King, proprietor of a service station at 173 School street.

King said the camera had been stolen the same day it was given to him by Ralph S. Warner, 386 W. 10th street, San Pedro, as security for a debt.

The theft was reported when Warner returned Monday to pay his bill for repairs and to collect the camera.

Man Faces Morals Charge Friday

Donald M. Ginsberg, 25, 6843 Mission street, will appear for preliminary hearing before Judge William J. Sweeney in Municipal Court Friday on charges of lewd and lascivious conduct in the presence of a minor.

Ginsberg was arrested last Thursday in a local auto court for allegedly molesting a five-year-old girl. He is held in the county jail in lieu of \$1,000 bail.

Jeff High Gym Opens To Public

The Jefferson Union High School gymnasium and swimming pool will be re-opened for public use next month, according to announcement this week by the school's athletics department.

Such sports as badminton, basketball, and ping-pong will be offered and supervision provided. For badminton, which has become a popular sport for both adults and children, a charge of 10 cents will be made for equipment and maintenance. Showers, lockers, dressing rooms and racquets will be provided. Participants should furnish their own shuttlecocks (birds) and gym shoes, as street shoes are prohibited on the gym floor. Spectators are invited to watch from the balcony.

In the swimming department, classes will be offered in junior and senior life saving and water safety, as well as fundamental swimming instructions. Registration may be made at the gymnasium or at the American Red Cross office in Burlingame.

From March 13, the pool will be open from 7:30-9:30 p. m., Monday through Friday, and from 2-4:30 Saturday afternoon.

The pool will be reserved for women on Wednesday evenings. Both afternoon and evening sessions will be held during the first four days of Easter vacation, but the building will be closed Friday and Saturday, March 27 and 28.

The sports program: Tuesdays and Thursdays—Men's and Boys' basketball and ping-pong.

Fridays—Boys' and Girls' basketball and ping-pong.

Wednesdays—High School students' and adults' badminton.

Colma Boys Club Goes Undeclared After 14 Starts

The Colma Boys Club remained undeclared in 14 starts Tuesday night by walloping the Sportsmen Club by two points on the Jefferson High School courts.

The Colma five will play again Friday at Horace Mann High School, meeting the Butler Brothers in the last game of the San Francisco Recreation League series.

The Friday game will start at 7:30 p. m.

Linda Huffman, 17, Paso Robles high school girl, was recently chosen Queen of the Almond Blossom Days Festival which will be held February 21, 22, and 23. Miss Huffman, who will reign as Queen of the opening night ball, is shown wearing the recent rain to help pick choice almond blossoms to be used in store decorations by Paso Robles merchants during the event.

Big Variety Show Planned By Local Lions Club

A giant benefit variety show, featuring local talent, is being planned this month by the Daly City - Colma Lions Club for an April showing at the Daly City Theatre.

The show, which will be a repeat performance of last year's success, is being staged to raise funds for the Lions' service program.

According to Lion officials, the club's treasury is constantly being depleted by allocations to charity and to juvenile functions. In order to maintain its role in the community, the organization is using this means to replenish its treasury in readiness for summer, when money will be needed for children's camp vacations.

Art Kloth and Gil O'Shaunessey head the committee for stage entertainment, while sub-committees have been named to carry out other tasks.

Although a roster of known talent has been assembled, there will be room for more and versatile talent as the production progresses.

Almond Queen

Linda Huffman, 17, Paso Robles high school girl, was recently chosen Queen of the Almond Blossom Days Festival which will be held February 21, 22, and 23. Miss Huffman, who will reign as Queen of the opening night ball, is shown wearing the recent rain to help pick choice almond blossoms to be used in store decorations by Paso Robles merchants during the event.

Written Exams For Health Director Given Last Night

Some 67 contestants for the San Mateo county health director's job took written examinations last night in their respective locations throughout the United States.

In this county, 17 candidates for the office temporarily held by Dr. Harold Marks were examined in the council chambers of the city hall at Redwood City. Some 40 other candidates took similar examinations in 31 cities over the country.

The job of health director, under the new pay scale, pays \$12,000-\$15,000 yearly.

The 12 men who complete the written test with highest marks will then be brought to Redwood City for oral examination. Three highest contestants in the oral examination will face Frederick Peterson, county executive, for final choice.

Peterson said this week he will be guided by recommendations from the county medical advisory board in making the final selection—probably some time next month.

Second Lenten Sermon To Be Given Sunday At Ocean View Church

The second Lenten sermon, centered on the topic "Personalities Around the Cross; Mary the Mother of Jesus in Human Experience and History," will be delivered this Sunday by the Rev. J. H. Bennett in 11 a. m. services in the Ocean View Congregational church.

Sunday school will commence at 9:45 a. m. A nursery for younger children will be provided during the worship hour.

New singers will be welcomed into the choir each Tuesday night at the 7:45 choir practices.

Oscar Ginsberg Dies Friday At Com'ty. Hospital

Funeral rites for Oscar Ginsberg, 62, who died last Friday of bichloride of mercury poisoning, were held Monday morning at Cypress Lawn Memorial Park.

Ginsberg, a carpenter's helper, was taken to Community Hospital earlier in the week after he had reportedly swallowed the poison tablet, mistaking it for aspirin.

Survivors include his widow, Helen L. Ginsberg; a son, Leslie O. Ginsberg, both of Daly City; two daughters, Mrs. Helen John and Mrs. Naomi Jamnyke, and a brother, Walter Ginsberg.

Funeral arrangements were handled by Lasswell's.

Quiet Week In Traffic Court

Seven drivers were cited for speeding and six were tagged for driving through signal stops during the most uneventful week for traffic violations this year.

Charles Buckwald, Dale Cowgill, Russell Eichenberg, Thelma Fugazi, Thomas Masi, Jack Michaels and William Sherlock paid speeding fines ranging from \$2.50 to \$7.50 in traffic court during the week ending last Friday.

Signal violations brought fines from Alderice Germain, Raymond Hilton, Eugenio Maggiora, Clarence McGregor, Ostilio Nanna, Giovanni Parodi and Linda Stearns.

Parking fines were levied on G. J. Doran, Abedis Portolan and F. Smyser, while Donald Gordon, C. E. Shurtleff, V. Viola and Ira Warren paid penalties for violating the hill-hold ordinance.

William Kiefer, cited for reckless driving, was fined \$27.50.

Fred Bertetta To Be Candidate For Councilman

Fred Bertetta announced that he will be a candidate for the office of City Councilman of the City of Daly City at the next Municipal election.

In a statement to the Daly City Record, Bertetta said that he was born and reared in this City and has been a resident of this City all his life, residing at the present time with his wife, Pauline and two children at 98 W. Cavour street. Bertetta further stated that since he has been old enough to participate, public service has been his hobby, having been identified with many programs for the betterment of Daly City and the welfare of its people. He has been a member of the Daly City Fire Department for many years and is serving at the present time as Captain of Company No. 6. He is also a member of the Board of Trustees of the Jefferson Elementary School District serving at present as Clerk of the Board, and is a member of the Eagles, Veteran Firemen Assn. and Secretary of the Widows and Orphans Association of the Daly City Fire Department.

Bertetta stated that if elected to the office he seeks he will devote his efforts to giving the people a fair, honest, progressive city administration with government and representation for all the people without favor to individuals or minority groups of any kind or character and to initiate and energetically work for, among other things, the following program which, in his estimation, is of immediate importance.

Briefly, his platform reads as follows:

1. Erection of modern, two-way street signs at all street intersections.
2. Annexation to Daly City of all areas now being developed, adjacent to Daly City.
3. Development of the second level to Marchbank Park for a recreational center.
4. Increasing water production and capacity and expansion of facilities of the Daly City Water Department.
5. Completion of Hillside Boulevard from Bismark to Price street to bring it up to standards which a main traffic artery must maintain.

Fickeisen Files New Petition For Reinstatement

A third attempt to secure reinstatement in his old job of chief county sanitarian was started last week by John W. Fickeisen, who was ousted nearly a year ago.

Fickeisen, through his attorney, Carl Anderson, filed a petition for a writ of mandate asking reinstatement and back pay, and requesting the court to declare void the action of Frederick Peterson, county executive, and Charles Gans, former health director, in firing him.

Included in his petition is a copy of a letter written by Gans, stating that Fickeisen had acted under his orders when he appropriated county property, valued at approximately \$8, from the Canyon Sanitorium.

An early attempt to have the charges against him dismissed, and a petition for writs of mandate and certiorari—both submitted last year—failed to gain Fickeisen's reinstatement.

Holy Angels Win, 5-0 Over S.S.F. Riders

A one-sided game with South San Francisco's Rough Riders ended in a scalding 5-0 last week for the victorious Holy Angels recreation team.

Questions, on the mound for the locals, pitched a no-hit, no-run game, the Rough Riders' home field, Dick Castro pitched for the Riders.

RED CROSS DRIVE WILL GET UNDERWAY MONDAY, MARCH 1ST

\$2,500 Is Quota For Daly City; \$1,900 In Colma

A. J. Bodien has been appointed chairman of the Daly City business section in the forthcoming 1948 Red Cross Fund Campaign which opens March 1. He will be assisted by Peter Markovich, Joe Lewkowicz, Ted Hopman and William Sweeney Jr. Mrs. Ann Ingersoll will be chairman of the residential districts. Mrs. Margaret Pauline Brown will be over-all chairman for the Colma unincor-

porated area, and A. E. Weisenburger will handle the incorporated area in Colma.

The quota for San Mateo county in this year's drive is \$126,000, approximately 50 per cent higher than in 1947. The principal reasons for the increase are increased costs of operation, expanded services and less reserves to apply to budgetary requirements. Daly City's quota is \$2,500, and Colma is being asked to raise \$1,900.

Red Cross services are still vital in all communities throughout the county, and, in order to carry on these services, the San Mateo county chapter will need the full support and assistance of the citizens of the county.

Vandals Smash Gas Pumps At Service Station

An act of apparently unobserved vandalism was reported to Daly City police last week by Frank Rehe, proprietor of Frank's Service Station at Mission and Flournoy streets.

Rehe informed police Thursday morning that sometime during the night, vandals had knocked down the three gasoline meter pumps in front of his station—pulled them from their moorings and smashed the glass faces on the meters.

Police, after investigation, said a metal bar apparently had been used in the vandalism.

Chicken Pox, Flu And Mumps Are High In County

A total of 93 cases of mumps in Daly City was recorded in the county health office during the month of January, according to the health bulletin just released.

The number reflects the highest concentration of the disease in the county, although health officials say the fact is not significant. San Bruno and San Carlos recorded the largest number of influenza cases, while San Mateo reported more measles.

Although an increasing number of influenza cases has been recorded throughout the state, according to Health Director Harold Marks, the disease is predominantly of a light nature, and is not considered dangerous.

Chicken pox also has sprung up in San Mateo county, with Daly City reporting 33 cases.

Two Men Face Assault Charges

Miles (Pat) Harrison, 237 Los Banos street, and Earl Zieske, 20th street, San Francisco, will answer charges of assault and battery Friday in Municipal Court.

The men were released Tuesday on \$50 bail each after their arrest Sunday at the Evergreen street residence of Zieske's brother, Fred Zieske.

Amer. Legion Aux. Entertains District At Night Meeting

American Legion Auxiliary Unit No. 410 entertained the San Mateo county district assembly last Friday night at a meeting in the Legion hall, 474 San Diego avenue.

Distinguished guests from the Department of California Auxiliary were Florence Chess, Florence Kelly, Loretta Rogers and Frieda Mooney.

A light supper was served to approximately 65 guests by Mrs. Rose Giorni, unit president, Vivian Pahlka, Ann Welsh and Leslie Hansen.

"Sparky" Moresco Ill At Home Due To Tonsil Trouble

Verna "Sparky" Moresco, that lovable, laughable girl-about-town, and versatile mainstay of The Record, isn't looking quite so chipper this week.

The trouble, we think, is that Sparky can neither talk nor laugh in the manner to which she is accustomed. Her throat hurts—but bad.

Sparky might be back at work next week—happily soliciting ads and subscriptions, and plugging clients for neglected debts. She might—if her tonsils react to this week's careful nursing.

An then she'll be gone again in a couple of weeks—to be rid of the bothersome things forever. Verna won't stand for any back-talk from temperamental tonsils.

MASS MEETING FEB. 27

Ernest Clark Gets 60 Days For Vagrancy

Ernest Clark, 827 Howard st., was sentenced to 60 days in the county jail by Judge William J. Sweeney in Municipal Court on Monday.

Clark was arrested Sunday in the 8700 block on Mission street, on complaint by a resident.

Ada Beveridge Speaks At C.C.P.T. Founders' Day

Miss Ada Beveridge, dramatics instructor at the San Mateo Junior College, was guest speaker Thursday at a meeting of the 17th District, California Congress of Parents and Teachers, in the Burlingame High School auditorium.

The speaker was introduced by Mrs. Stella L. Jensen of Colma, Founders' Day chairman. Musical entertainment was provided by the Burlingame High orchestra under the direction of Elmer Young.

A life membership presentation formed a portion of the day's program—a tribute to the founders and past administrations of the nation's most energetic fraternal body.

Miss Helen P. Chesebrough, vice-chairman of the county chapter, and Mrs. Harry Durrand, chairman of the over-all women's division, outlined the plan of the women's portion of the drive. Mesdames Ann Ingersoll, Mary McGuinn, Ann Eason and Eve Hobbs have been named to a committee for its launching.

"The character rating of any city is clearly indicated by its answer to a charity fund-raising campaign," opined Miss Chesebrough, a veteran of 30 years service in the Red Cross.

Possible strategies of the drive were outlined for the group by Walter Bassett, executive secretary of the county campaign committee.

Mayor Melford D. Battye indicated he will issue a proclamation officially reserving the first two weeks of the drive for American Red Cross Weeks.

The method of carrying out the drive—store-to-store and house-to-house canvassing; donation cans; merchant soliciting, etc., will be decided at the mass meeting.

Summing it up, Bodien said, the success of the Daly City drive will be up to the town as a whole. It will be planned, assigned, and ready to launch, at the mass meeting February 27 at 8 p. m. in the council chamber at city hall.

Ed Byrnes Return From Southern Trip

Mr. and Mrs. Ed Byrnes, proprietors of Byrnes' Radio Store, returned this week from a motor trip which took them down the west coast and sight-seeing into old Mexico.

Accompanied by Byrnes' mother, Mrs. Mercedes Byrnes, and his sister, Mrs. Catherine Girard, of Delano, the local couple drove to the southern border by way of Santa Ana, Tustin and San Juan Capistrano.

The Byrnes did a bit of fishing at Encinada, although they said the season there is not yet in full swing.

Capt. Green Goes Back To Denver

Captain Paul Green, who reclaimed his seat on the Daly City council last week, left Monday for the veterans' hospital at Denver, Colorado, for the remainder of his confinement period.

Green, who has been stationed at the Denver hospital since summer, 1946, expects to be separated from the army sometime this spring.

County May Buy Tanfo Navy Base For Rec. Center

Acquisition of the Tanforan Navy Base as a recreation center for San Mateo county appears to have on the matter of finance.

County officials and north county representatives voiced unanimous approval of the base's \$2,500,000 worth of recreation facilities for a county recreation center last week, at an inspection tour of the grounds.

Further plans for inspection by members of the recreation and planning commissions were made during an impromptu meeting in the base chapel. A. W. Swift, county recreation commission chairman, said he will also arrange a meeting of city officials and commission members to study the results of a pending survey.

Several of the officials present expressed the view that after the initial investment, enough revenue would be raised by the bowling alleys, swimming pools and gymnasium to make the project self-sustaining.

T.B. Association Offers Free X-Rays Here Next Week

Free chest X-ray will be offered next week by the Tuberculosis and Health Association of San Mateo County at the health department office at 7375 Mission street.

On Wednesday, February 25, the X-rays will be given between 6:30 and 8 p. m. Two sessions, 3-4 p. m. and 6:30-7:30 p. m., will be held Thursday.

The health department has urged that in view of the many colds and congestions that have been prevalent this season, all residents respond to the offer.

Citizens To Meet At City Hall To Launch Drive

A mass meeting of civic, fraternal, service and veteran organizations as well as independent townspeople has been called by Arthur J. Bodien, local director of the American Red Cross, for the night of February 27.

The meeting, Bodien said, has been called to plan the forthcoming Red Cross drive—specifically "to bring the need for funds to the attention of every responsible resident of our city."

The director's swift action on the matter was brought about, partially, by the county chapter's announcement of its enlarged quota—\$126,000 for this year's drive. Daly City's \$2,500 quota, although only a small portion of the county total, has not been met in the past three years.

At a meeting Tuesday attended by some 10 Daly City business men, a tentative plan for the drive was mapped. Approval of the fund-raising method, as well as responsibility for the success of the drive, Bodien said, will be up to the people.

Miss Helen P. Chesebrough, vice-chairman of the county chapter, and Mrs. Harry Durrand, chairman of the over-all women's division, outlined the plan of the women's portion of the drive. Mesdames Ann Ingersoll, Mary McGuinn, Ann Eason and Eve Hobbs have been named to a committee for its launching.

"The character rating of any city is clearly indicated by its answer to a charity fund-raising campaign," opined Miss Chesebrough, a veteran of 30 years service in the Red Cross.

Possible strategies of the drive were outlined for the group by Walter Bassett, executive secretary of the county campaign committee.

Mayor Melford D. Battye indicated he will issue a proclamation officially reserving the first two weeks of the drive for American Red Cross Weeks.

The method of carrying out the drive—store-to-store and house-to-house canvassing; donation cans; merchant soliciting, etc., will be decided at the mass meeting.

Summing it up, Bodien said, the success of the Daly City drive will be up to the town as a whole. It will be planned, assigned, and ready to launch, at the mass meeting February 27 at 8 p. m. in the council chamber at city hall.

Delay In Choice Of Demo Congress Candidate

Democrats of the Eighth Congressional District last week postponed choosing a candidate to oppose Jack Z. Anderson in the congressional election.

Delay was brought about by differences within the AFL over the choice of Jonathan Rowell, Redwood City attorney, or Major Oliver Todd, retired Palo Alto engineer. Rowell had received approval by the UAFLC, political committee, the week before.

Endorsement of a candidate was postponed until the district's March meeting, to give the San Mateo, Santa Clara and Santa Cruz county unions a chance to decide their support February 29.

Spokesmen for the Railroad Brotherhoods, CIO unions and the Santa Cruz AFL unions indicated their organizations were ready to endorse Rowell.

Julius Castellan, San Mateo County Democratic Central Committee head, and John McEnery, vice-president of the Democratic State Committee, were two of the principal speakers.

Eight members of the San Mateo county group were present.

Council Members Urge New Type Street Signs Here

A strong recommendation that the City initiate a program of street-marking by installation of metal, enameled street signs on tubular posts, has been made to the city council by Councilmen Edward Dennis, Len Dolan and Paul Green, after a survey of Daly City and other communities.

The councilmen urged installation of four-way signs at all intersections on Mission street, San Jose avenue, Hillside boulevard, School street, and Junipero Serra boulevard. A total of 78 four-way signs would be required to inaugurate the program, at an estimated cost of \$550 for the signs. After installation of the original signs, additional streets could be covered each year until the entire city was covered.

Pointing out that present markings are inadequate and that it is difficult for new residents, visitors or doctors to locate streets, the recommendation urged that immediate steps be taken.

The signs would be mounted on tubular steel poles and be of 18 gauge steel, with embossed letters three and one-half inches high, and consist of black letters on white background of baked enamel finish, guaranteed rust-proof.

Harold P. Bradshaw Publisher and Superintendent

GEORGE WASHINGTON

Many Americans associate George Washington's service to our country almost exclusively with his posts as commander-in-chief of the Revolutionary armies and later as our first President.

But in between those two great assignments he performed a service which was of equal, or greater, importance than his work in either.

In the dark days following the final triumph over the British in 1783, when conflict and disagreement among the states reached a critical stage, Washington repeatedly urged the formation of an "indissoluble union." His influence for unification did much toward bringing about the Constitutional Convention at Philadelphia in 1787.

As president of the convention his prestige is said to have been the most potent single factor in breaking the many deadlocks among the delegates that at times seemed hopeless. He obtained ratification of the Constitution by Virginia and was untiring and persuasive in his efforts to get other states to accept it.

Had he not worked so unselfishly in the interest of unity it is not improbable that the republic would never have been born. Instead of one great nation today we might have a duplication of the Balkan situation—only many times worse.

Hence this great service to his country, between the close of his army career and the beginning of his presidential term should not be forgotten as we honor him on this 216th anniversary of his birth.

SHAVE AND A HAIRCUT—\$2.25!

Millions of red-blooded American boys have grown into manhood in recent years without knowing that once upon a time the slogan at the corner barber shop was a line from a popular song: "Shave and a haircut—six bits!" On March 1st, in many California communities, the going rate will be pegged at one dollar and a quarter for haircuts and one dollar for shaves. Alas, the old song is as dated as "Sweet Genevieve" or "Ta-Ra-Ra-Boomde-Ay."

Millions of American boys have also grown into manhood recently without any red blood, apparently, if the results of a new survey are true: seven out of every ten men use hand creams and lotions, hair dressings, deodorants, anti-perspirants and lip preparations.

The old days when a woman loved a man because he smelled of a pipe, dog hairs and tweeds have disappeared. Now the male must smell of beauty unguents packaged under some provocative title such as Heathcliffe, Tannery Zephyr, or Essence of Whaling Station.

Perhaps barbers can't be blamed for upping their prices. Plucked eyebrows and Geronimo haircuts take time. And if the customers can't afford the new rate, they can always do their hair at home.

"SAVING" THE DAY

A youth of 18 stood before the judge in an Indianapolis courtroom. He had admitted waiting in an automobile outside a store while his companion committed an armed robbery.

Apparently this was his first criminal offense. What to do?—send him to prison or grant probation? The judge decided on the latter—but added a most unusual provision. He recognized that the youngster, in acting as an accomplice in the holdup, had been enticed by "easy money." The need was for him to develop habits which would enable him to legitimately accumulate money of his own. So, the judge "sentenced" him to start a bank savings account.

That means that he must get a job and save part of his earnings. The court will keep tab on his savings.

The judge's decision was probably one of the strangest ever made, but it was undoubtedly wise. It will give the young offender a chance to redeem himself without suffering the stigma of prison. It will also impress him with the fact that honesty and thrift will not only build his bank account but will help to build his character as well.

GOOD NEWS

Winter in Europe this year is just about as mild as last year's was wild. The result is that the crop outlook is the most favorable since the end of the war. More food means less hunger—and less trouble.

The average life expectancy among America's industrial population is now at the all-time high of 66½ years, according to latest life insurance figures. That's an increase of 20 years over the 1911-12 average and of one year over 1946.

POWER OF THE PURSE

Never underestimate the power of a woman—or of her purse.

Consider the price decline, for instance. Experts say that one of the strongest factors in the downward pull is the resistance of the housewife to the high prices. She has kept her purse closed so tightly at the grocery store that supplies of some foods such as meat and butter have been backing up at the warehouses. Under this pressure prices had to soften.

Encouraged by this development the housewife will probably continue her resistance to prices until they decline still more.

However, if consumer resistance is carried too far—that is, to the point where demand virtually dries up, producers and processors will have to cut production and payrolls. This would bring on unemployment, reduced incomes and less money for the family purse.

Hence, there is a point beyond which a buyer's strike would do more harm than good. We're hardly near that point yet, but it should not be forgotten.

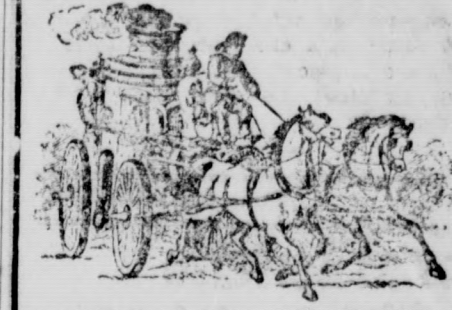

TRIM-WAISTED

—Photo courtesy New York Dress Institute
Inverted pleats for a tiny waist in a polka-dotted white crepe princess dress.

No matter how you let yourself go in the matter of playclothes and bathing suits, the backstay of your resort wardrobe is bound to be a dress that is easy to wear, and appropriate for any occasion from after-breakfast to cocktail hour.

A dress such as the one pictured, by a New York designer, will be useful not only for that winter vacation but right through the summer as well. White crepe, polka-dotted in black, is cut on princess lines, with interest focussed on the middle. Fan-shaped stack pleats are set in on each side of the waist to give fullness to the skirt. The collar is pointed, with a black velvet tie.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 24
Company No. 6 Holds Drill
Monday evening Company No. 6 held its monthly drill on an old water tower and building on Railroad Avenue in the southern part of Daly City. The fire department was requested to burn the eaves, so a drill was planned by Captain Fred Bertetta of Company 6.

The drill was called for 6 o'clock Monday evening. The men and officers responded to the station and they proceeded to the water tank on Railroad Avenue, where the firemen set fire to the building and tank. Everything was going along nicely when all of a sudden the fire horns in Daly City began to blow. Company 6 men picked up part of their hose and returned to their fire station to get the location of the fire from their ticker.

The other companies throughout Daly City responded to the water tank and building fire that Company 6 had started, and Company 6 also returned to the fire. Many firemen had red faces because of the heat. Smoke and flames could be seen for many blocks. Company No. 2 laid out several lengths of hose before they discovered that Company 6 was holding a drill.

Captain Fred Bertetta was well pleased with the turnout for his drill. There were several hundred people who gathered to see the fire. Fred said, "It's the best turnout for a drill that I have ever had." Company 6 has several other old buildings to burn in the future, but they will be burned during the day, so as not to attract too much attention.

Widows and Orphans Dance
Financial Success
The Widows and Orphans Association of the Daly City fire department finally closed its books on the last dance which was held May 25, 1947. It was not until a few days ago that the last outstanding money was turned in for advertisements in the programs.

Now that the money has been collected and the books audited, we know that our efforts for the work in holding a dance was worthwhile. The proceeds from these dances the Association holds each year go to pay an insurance policy for each fireman, and are also used to help any widow or orphan of a fireman of Daly City who is in financial distress.

Plans for the 1948 Annual Dance are being prepared now. The dance will be held some time in May this year.
Digging Up the Past
In Vista Grande (Now Daly City)
Several days ago Assistant Fire Chief Bodien turned over to me a minute book from the Vista Grande Volunteer Fire Department of Vista Grande, California.

The Vista Grande volunteer fire department was organized August 2, 1907.
Chief Bodien and only one charter member are alive today, but we feel by writing each week a short article on what happened 41 years ago, we may help newcomers to Daly City understand and appreciate the fine fire department that we have in Daly City today.

Article No. 1
Friday, August 2, 1907 a group of citizens of Vista Grande gathered to form and organize a fire department to protect life and property.

The first meeting was called to order by G. W. White, captain pro-tem.
Nominations and election of officers was the first order of business. (Remember, these are firsts in Daly City.)

Chief George A. Edmonds
Capt. G. W. White
First Lieutenant C. E. Montgomery
Second Lieutenant R. P. Baldwin
Third Lieutenant A. B. Clark
Clerk, Joseph Duarte
Treasurer, E. D. Morefield.

A motion was made and carried that a committee be appointed to form rules and regulations.
A motion was also made and carried that a committee be appointed with a subscription to call on all residents of Vista Grande to contribute for the purpose of buying a chemical engine.

A committee was also appointed at this time to call on the Vista Grande Improvement Club and they issued a warrant on the fire fund to purchase a bell.

Chief Edmonds gave out his first official order: "For the good and welfare of the fire department; that in any case of fire, as we are not prepared, everyone of us is to carry a bucket to the fire."

Thus started the bucket brigade here.

SPORTS Colma Boys Club Take Win From Sportsmen

By Ralph Capps

The exclusive list of undefeated was finally narrowed to three last Tuesday night, when the Colma B.C., playing excellent ball, triumphed over the previously unbeaten Sportsmen.

The quick starting Boys Club ran up a 22 to 7 lead with five minutes to play in the first half, but the Sportsmen finally "saw" the basket, and narrowed the lead to a four point margin, just before the game ended. Colma stretched the lead by two baskets, and finally won 39 to 31.

In the nightcap Tuesday, Alex Johnson Roofing Co. continued their win streak by defeating Vista Grande Valley C.C. 38 to 17. Center Bill Wright of the Roofers was taken from the game in the first half with a cut lip. He came back, however, and how! Bill scored 19 points and tied the league lead made only two nights before. MacDonell led Vista Grande with 9.

On Thursday night, February 12, Union Liquor defeated the Warehousemen 49 to 34 while Red Dunn scored 19 points, a record yet to be surpassed in this league. The surprising Warehousemen put up a good game, but Dunn, aided by Murry's 12 points, was too much for them. Saez and Grano led the scoring for the Warehousemen with 13 and 10 points respectively.

The closing game between the Eagles and the Army Hilltoppers was a close one, until Don Welsh of the Eagles started burning up the court and the basket in the second half. It seemed as if Welsh were everywhere and just couldn't miss. The score: Eagles 39 and Army 25. Welsh scored 17 points during his rampage, while Whiteair was high for the losers with 10.

So much for the past; now for the future, and what a future it is. The spectators are really in for a treat next Tuesday night when undefeated Colma Boys' Club meets the Alex Johnson Roofing Co. in a game that will obviously drop another league leader, and could possibly decide the league winner.

But wait! That's not all! The second game pits the other two of the four top teams in the league when the Sportsmen play Union Liquor. Yes, in one night you may see the four top teams of the league perform in what promises to be the best bill in the league. The 7:20 game should be a very interesting one with the highest scoring team in the league meeting the team least scored upon—very interesting.

Lorraine Lavagnino Feted At Shower

Miss Lorraine Lavagnino, who is soon to wed Albert Delucchi, was feted recently by a group of friends with a miscellaneous bridal shower.

Lorraine, daughter of the Joseph Lavagninos of Colma, is secretary to Justice of the Peace John J. Fahey. Her fiancé's parents are Mr. and Mrs. Albert Delucchi of San Francisco.

Present to honor Lorraine were Mesdames Eunice Capurro, Ernestine Delucchi, Theresa Lavagnino, Mary Silicani, Vivian Benedetti, Alma Delucchi, Marguerite Cingolani, Angelina Imperatori, Edith Benedetti, Elsie Schenane, Mary Beroldo, Grace Molini, Stella Molini and Della Roveny; Misses Eleanor Benedetti, Dorothy Hammerstrom, Elena Grandano and Dollie Jackson.

Milk cow numbers have been going down at a faster rate in North Dakota than in the nation as a whole. The number at the beginning of 1946 was 91 per cent of the previous year and 95 per cent of the longer time average. For the United States the reduction in 1946 was about 4 per cent below last year.

The Reaper
Cyrus Hall McCormick invented the reaper in an old log cabin blacksmith shop on his father's farm near Steele's Tavern, Va. He received the patent for his invention on June 21, 1834, and gave to America one of its greatest contributions toward agricultural progress.

Heavy Producers
Farmers in the U. S. have produced the equal of 10 years' normal corn crops in the past seven years.

ing, indeed. May the best team win.

If the Sports should defeat Union Liquor in the 8:30 game, the winner of the earlier game will be in undisputed first place, and the only undefeated team in the league. Red "Well" Dunn and his four "Burnt to a Crisp" intend to prevent such a development, however.

Remember! The admission is free, and the first game starts at 7:20 sharp. Join the crowds on Tuesday and Thursday nights.

For Improved and War-Proved Power
GET A GMC

You get a truck-built engine when you get a GMC... an engine of the same basic design as that which powered nearly 600,000 military GMCs and earned the title "the Army's Workhorse" for its performance and dependability.

GMC engines are proved, efficient valve-in-heads that, in every size, give you features unsurpassed in the industry... features such as Turbo-Top pistons, full-pressure lubrication with rifle-drilled rods, airplane-type main bearings, Tocco-hardened crankshafts and completely cooled cylinders.

If it's performance, economy and dependability you want, you'll be 'way ahead by putting your money on an "Army Workhorse"-powered GMC!

Testimonial Dinner Stated For Judge Molinari

One of the largest affairs of its kind ever held in San Francisco is scheduled for tonight, Thursday, February 19, when friends of Municipal Judge John B. Molinari will come from all parts of the city to attend a testimonial dinner in his honor at the Fairmont hotel.

According to William J. Raffetto, chairman of the dinner committee, tickets for the affair went so fast that it was a "sell-out" as far back as two weeks ago.

"It certainly is a testimonial to the esteem in which our new judge is held when so many requests for tickets came in to the committee shortly after we announced the dinner that it was a 'sell-out' in a very short time," Raffetto said.

Judge Molinari was appointed to the municipal court in a Christmas Eve telephone call by Governor Warren. He took his oath of office January 30.

Reynald J. Bianchi, deputy city attorney, will be master of ceremonies at the dinner. Superior Judge Preston Devine will be speaker of the evening and Superior Judge Albert C. Wollenberg will make a presentation to the new judge. Assemblyman Thomas S. Maloney will represent the Governor, and Supervisor J. Joseph Sullivan will represent the Mayor.

Recorded Colors
A gamut of some 2,500 recorded colors flows from the basic pigment colors, which are red, blue and yellow; secondary—purple, orange and green; tertiary—brown, olive and blue-green. The dimensions of colors are hue, to basically distinguish one from the other; value, to distinguish light tints of a color from its dark shades, and chroma, to distinguish the intensity of bright, pure colors from subdued, grayed colors.

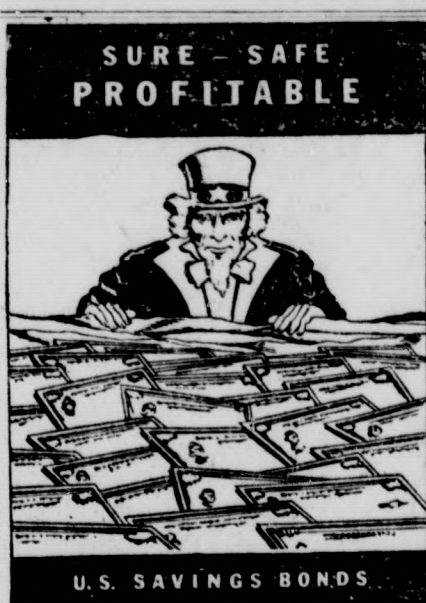

Shrinking Woollens
To shrink woollen material at home, dampen the cloth by rolling it in a damp sheet and letting stand overnight or until the wool is damp, then press it on the wrong side with a moderately hot iron under a dry press cloth. Do not press hard and slip the iron over the fabric as this will tend to cause the woolen fibers to mat. For a wide fabric folded in the middle, leave it doubled while dampening. After standing a few hours, reverse the roll so that both sides may dampen and shrink evenly before pressing.

Better Buttonholes
If buttonholes are slightly raveled, fasten off thread to stop unraveling and rework with buttonhole or blanket stitch. If badly raveled, machine stitch around hole close to edge, then rework. Renewed buttonholes may call for bigger buttons. Some of the new coats have large decorative buttons.

Pressing
To give a repaired coat a finished look, steam press wool fabric. Protect it with one of the treated press cloths which can be bought with directions for use, or by covering the wool with a dry wool cloth, then a dampened cotton cloth. To steam press, set down, then lift the warm iron with just enough force to drive steam through the wool, and after pressing lift the cloths and beat the fabric by hand or with a wood block to drive out steam. Be sure that the lining lies smooth under the coat.

Wood to Grow
In general, eggplant is not a good plant for the beginner, or very small gardener to grow. It requires a long, warm season, abundant moisture, a very rich soil and arduous attention to insect and disease control. Its food value is very low. Three or four good plants will produce enough for a family, but most gardeners are disappointed with it.

Wood Fuel
More wood is used for fuel than for any other purpose.

Potato Calories
An average potato supplies about 100 calories, a chocolate bar gives 240, and a piece of apple pie about 400. Potatoes, therefore, are not so fattening as some other foods.

Importance of Eggs
"The egg is the cement that holds the castles of cookery together," once said a famous chef. You may use eggs to thicken a custard or sauce, to leaven or lighten a soufflé or cake, to hold together oil and vinegar in a creamy mayonnaise. Use egg whites to make cloudy soups clear, or an egg shell with some of the white still clinging to "settle" muddy coffee.

Improved Grass Variety
Mandan wild rye, an improved variety of native Canada wild rye, is winter hardy, an exceptionally high yielder of seed and forage. Principal grass virtues are its ease of establishment, rapid growth and high seed and forage yield. It is useful on sandy soils where a fast-growing cover crop is needed.

SPOUL WELCOMES FREEDOM TRAIN— Robert G. Sproul, president of the University of California and Miss Martha Kilgore, Berkeley campus librarian, examine an original etching depicting George Washington observing the evacuation of Boston by the British in March, 1776. It is to be part of a patriotic library exhibits on several of the University's eight campuses during Rededication Week, which immediately precedes the visit of the Freedom Train. In welcoming the train to California, Sproul, who is vice-chairman of the American Heritage Foundation, sponsor of the train, said: "Our American heritage of freedom, like the earth we walk upon, is constantly in danger of wasting away under the eroding rains and winds of neglect and indifference. Yet it is the source of our vitality. Like the farmer who has learned to combat erosion by new cultivation methods, so must we resolve to guard our precious liberty by paying new attention to our civic duties."

OLPH Mothers To Sponsor Monthly Dessert Whists

The first in a continuous series of monthly dessert whist parties sponsored by the Mothers Club of Our Lady of Perpetual Help school is slated for 1:30 p. m. March 2 in the auditorium of the school.

Preparations for the parties, to be held the first Tuesday of each month, were made last Friday. Admission price, set at 50 cents, will entitle the player to dessert, as well as score cards. Mrs. Lee Miller was appointed refreshment chairman of the March session. Mrs. Valleta Ennis will be in charge of the whist.

At the Friday meeting, the ladies planned to receive Holy Communion at the 8 a. m. mass February 22. Breakfast will be served afterwards, in the school cafeteria.

These new members were introduced at the meeting:

Mesdames Ambrosia, Kirkpatrick, McClelland, Patton, Picketti and Sallada.

Refreshments were served by Mrs. Beth Powers and her committee of fourth grade mothers.

a single person. One may take the standard deduction of \$500; the other may list deductions, provided the income of each is more than \$5000.

If the list of deductions are too long for the allotted space on Page 3, a rider should be attached with all deductions itemized and the total written on Page 3.

An exemption of \$500 for each dependent. All persons on which exemptions are claimed must be named on the face of the return. If more than one exemption is claimed, the name of the person and their relationship should be listed on the face of the return.

In computing the tax, both normal and surtax rates have been combined. After the tax is determined, for normal and surtax purposes, a reduction of 5 per cent of this amount is made to determine the actual tax liability. All credits by withholding from salary and payments on an Estimated Declaration are subtracted from the tax liability on the face of the return.

Vic Vet says

WHEN PAYING YOUR GE INSURANCE PREMIUM BY CHECK, MONEY ORDER OR POSTAL NOTE BE SURE IT'S PROPERLY FILLED-IN AND YOU'RE FULLY IDENTIFIED

Be Sure To File Income Tax Return Before March 15

The "long form" income tax return must be used by single persons with an income of \$5000 or more and married couples with a combined income of \$10,000 or more. Persons with deductions exceeding 10 per cent of their income will save money by using the "long form" return in determining their tax.

Taxpayers with incomes of over \$5000 may claim a flat allowance of \$500 in lieu of listing actual deductions. When husband and wife with incomes of over \$10,000 elect to file separate returns, each may take the standard deduction of \$500.

Both husband and wife must adopt the same method to prepare their returns. If deductions are listed on one return, the other cannot take the standard deduction.

When husband and wife are legally separated and not living together, then each has the election of preparing their return as

Officers, Directors Of Good Friday Movement Meet

Organization of the Reverent Observance of Good Friday Movement and installation of its 1948 officers, directors and executive board, took place last Tuesday evening, February 17, at the initial meeting of officers and delegates of the organization in the Young Men's Institute building. Representatives of parochial, fraternal, patriotic, religious, district and neighborhood organizations took part in the meeting, presided over by John J. Taheny, president.

Plans were outlined for unanimous participation in solemn observance of the Three Sacred Hours on Good Friday, March 26.

The following officers, directors and executive committee members were installed:

President, John J. Taheny; vice-presidents, Thomas F. Duffy and Hon. Edward Molkenbuh; treasurer, John P. Denchy; secretary, Miss Jessie Inglis; executive committee, Richard J. McCarthy, chairman, Sylvester Andriano, Reynald J. Bianchi, Hon. Leo A. Cunningham, George Devine Jr., Edward F. Jones, Ivan N. Maroe-

LIVING SPACE
Living space is literally what you provide for yourself when you leave ample room between yourself and the car ahead, the California State Automobile Association points out. The distance you allow for maneuvering in case of emergency means the difference between safety and disaster.

FORE AND AFT
Hindsight is as important as foresight in automobile driving. Keep your rear-view mirror adjusted for maximum vision. Look fore and aft before you move into another traffic lane, before you slow down, or before you back into a parking space.

IT MIGHT BE LUCK
If you've never had a serious automobile accident, you may be a good driver or merely a lucky one, points out the California State Automobile Association. The best way to prevent a traffic accident is to check your driving habits—and check your speed.

vich, Clarence M. Mihan, A. A. Morgan, Gerald L. Murphy, Mrs. John J. Murray, Stanislaus A. Riley, Hon. Michael Riordan, Miss Florentine Schage, Mrs. Ignatius Trapani, and James L. Vizzard. Most Rev. Archbishop John J. Mitty, D.D., is honorary president, and Right Rev. Monsignor Richard Collins chaplain of the Reverent Observance of Good Friday Movement.

Dishes that Delight

By BETTY BARCLAY

Do you ever feel like "something different" for dinner? It's easy to get into a cooking rut during hot weather, even though this is the very time such a rut should be avoided. Lagging appetites need tasteful foods and "something different" is appreciated by family and guests. Here we have a trio of "different" dishes that I am sure will ease your menu problems:

- Grape-Nuts Spinach Loaf**
2 pounds fresh spinach, cooked and drained
1 tablespoon butter or margarine
1/2 teaspoon salt
1/2 teaspoon pepper
1 egg, well beaten
1/2 pound (1 cup) grated American cheese
1 cup Grape-Nuts
1/2 teaspoon grated onion
- Force spinach through sieve or meat chopper. Add remaining ingredients and mix well. Turn into greased custard cups or small loaf pan. Place in pan of hot water and bake in moderate oven (350° F.) 25 minutes, or until done. Serve with mushroom, cheese, or parsley sauce. Makes 5 servings.
- Banana Bran Muffins**
1/2 cup sifted flour
2 1/2 teaspoons double-acting baking powder
1/2 teaspoon soda
1/2 teaspoon salt
2 tablespoons sugar
1/2 cup milk
1 cup mashed ripe bananas (about 2 large bananas)
1 egg, well beaten
3 tablespoons melted shortening
1 1/2 cups 40% bran flakes
- Sift flour once, measure, add baking powder, soda, salt, and sugar, and sift again. Combine milk, bananas, and egg. Add to flour mixture, add shortening, then mix only enough to dampen flour. Fold in flakes. Fill greased muffin pans 3/4 full. Bake in hot oven (425° F.) 15 to 20 minutes. Makes 8 large muffins.

Accident Data For '47 Released

A review of the 1947 traffic accident summary for San Francisco reveals a total of 13,210 motor vehicle mishaps in which ninety-four persons were killed and 4,485 were injured. The summary prepared by the statistical divisions of the San Francisco police department and the local chapter of the National Safety Council shows that the 54 pedestrian fatalities during the year accounted for well more than half of those killed.

Other high-lights on the traffic accident front reveals that:

Ten of the victims were less than 19 years of age while 38 were more than 55. The death toll for the age bracket 20-to-55 was 46.

Of the more than 600 children under 14 injured in auto mishaps 44 were pedestrians.

One cyclist was killed and 94 were injured.

Saturday was the sorriest day of the week during 1947 with a total of 2,390 accidents.

The safest day, according to the records is Tuesday when 1,684 mishaps occurred.

Most "accidental" hour during the week was between 5 and 5:59 p. m. with a total of 1,201 accidents. Most accidents, however, occurred between 7 and 7:59 p. m. when 12 were killed.

Five of the pedestrians were killed while crossing at an intersection with the signal in their favor.

A total of twenty-one others were killed while crossing at an intersection where there was no signal.

Jaywalking, walking in the

roadway, coming from behind parked cars, and lying in the road accounted for 24 other pedestrian fatalities.

One pedestrian was killed while standing in a safety zone, two while walking in the street, and seven while walking on the sidewalks or on private property.

A total of 10,694 drivers who were involved in accidents were cited for some violation. Only 2,516 of the 13,210 accidents did not involve a violation of some kind.

Top driver violation for the year was of the right-of-way to another vehicle with a total of 2,570. Improper passing brought citations to 2,667 of the 24,233 drivers who were involved in accidents. Speed and violation of the pedestrian right-of-way, with 16 and 22 deaths respectively lead all other violations as main causes of death in traffic.

The 694 run away cars caused two fatalities, 23 injuries, and 669 property damage accidents.

Defective brakes brought 515 citations to drivers involved in mishaps that claimed five dead.

BILLION FOR BUDGET

When it comes to spending money there can be no doubt that California is definitely in the big leagues — whether it wants to be or not. The estimated billion dollar state budget makes that clear.

Reasons for the bulging budget are pretty obvious: bigger population, expansion of government services and higher prices. Whether the requested appropriations can be granted and still be kept within state revenues is not certain. It is evident, however, that California's annual outlay is climbing much faster than its annual income. That means spending will have to slow down.

Whatever is proposed in the way of increased state services or higher expenses must stand the test of the question: Can we afford it? If we can't, we should either forego it or make economies in something else that will pay for it. Unless this is done we'll have to dip heavily into our wartime-accumulated reserves — and experience shows that such reserves can vanish with amazing speed.

This course requires the Legislature to withstand the pressure from the various blocs that want more and more money for this purpose or that. It's not easy, but with the days of fat surpluses a thing of the past, it must either be done now, while the state's financial condition is good, or later on when it is wallowing in the red.

Elephant's Brain Weighty

The brain of an adult elephant weighs about eight pounds.

98 injured, and caused property damage in 412 cases. A total of 2,038 drivers had been drinking, that were involved in 13 fatal accidents, 478 injury accidents and 1,547 property damage mishaps. One death and 107 injuries were recorded among drunk pedestrians.

Nearly 6,000 of the year's accidents occurred in the business or shopping district, 38 of which caused fatalities. There were 5,550 auto mishaps and 30 deaths in the residential district.

Remember the Red Cross—The Red Cross Remembers You!

The Home Service Department of the San Mateo County Chapter must be maintained to give financial assistance, consultation and guidance with personal problems of servicemen, veterans and their families. In 1947, 499 families were given financial assistance in the amount of \$15,424.81; 4,952 cases were carried during last year and volunteer workers gave 1,497 hours.

IN CASE OF DEATH

In case of death of a wage earner who worked on jobs covered under social security, the family should get in touch with the social security office at once. Payments may be lost unless an application is filed promptly after a worker's death. The Social Security Administration in San Mateo, 22 North B street, invites you to write or telephone for further information.

Bright Lights

The lighting equipment at New York's LaGuardia Field would illuminate 700 miles of city streets.

Gluing Wood

When gluing wood articles, try the clamps of an old clothes wringer to hold them together as they dry.

TIMES FOR ACTION

Two times for action on your social security are, first, when a wage earner reaches age 65, and second, when a worker dies. Immediately, in each case, contact should be made with the nearest office of the Social Security Administration in order to be certain that no benefits are lost. Benefits under the old-age and survivors insurance system may be lost if claims are not filed promptly. In San Mateo county contact should be made with: Social Security Administration, 22 North B street, San Mateo.

Pastures Infections

Pastures and feed lots are primary sources of worm infestation in animals.

DON'T LOSE IT!

Workers are cautioned against requesting "a new social security card" in case they have lost the original. It is a duplicate that is needed and not a new card. Of course, the best thing is to take care of the original card so it will not be lost. Inquire at your local Social Security office, 22 North B street, San Mateo.

Cape Cod Cottage

This small Cape Cod cottage has eye appeal. The L-shaped plan seems to create a rambling design and the fence enclosed entrance court with beautiful flowers and planting offers a pleasant invitation to step inside. With the garage so near the street, the winter problem of shoveling snow is almost negligible. Note the large storage area and cabinets provided in the garage. The large living room has an attractive bay window and corner cabinets in the dining-l are a pleasant touch. The house comprises 1043 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

It's Red Cross Time!

Disaster Preparedness and Relief must be fully staffed and prepared to meet any emergency which arises in San Mateo county . . . explosions, fires, railway accidents, earthquakes and like disasters which COULD HAPPEN HERE! Eleven million dollars was the national expenditure throughout the United States in 1947 for

disaster relief. Fifteen disaster relief cases were handled through the Home Service Department of your local chapter in 1947.

Snowball Party,
Big Time Planned
By Elks Lodge

Headed by Exalted Ruler and Mrs. George Baader, a large party of San Francisco Elks and their friends will leave here Friday night, February 20, at 11:20 p. m., by special de luxe Pullman train, for a Washington's birthday week-end winter snowball party, sports and entertainment at Reno and Mount Rose, in the high Sierras. Additional groups will join the special train en route, at Oakland, Berkeley, Richmond and Sacramento. At Reno headquarters will be made at the Mapes and Riverside hotels. Chairman Samuel Agosti has announced. Following two full days of skiing, ice-skating, tobogganing, ice-sledding, entertainment, dancing and hospitality at Reno and Mount Rose, the party will arrive back in the bay district Monday night, February 23.

At their regular lodge meeting Friday evening, February 20, local

RED CROSS DRIVE

The Visiting Nursing Service is one of the community services which your contribution to the 1948 Red Cross fund drive will assist in maintaining. One grateful patient writes, "I wish to take this opportunity to thank the nurses of your staff for the excellent care given my husband during his recent and long illness. Without this service it would have been impossible for me to carry on our business during that time. I am sure that the splendid care and cheerful manner of the nurse on her regular visits contributed greatly to his more rapid recovery."

Elks will hear their advisory committee's report on eighty candidates for initiation March 5. These applicants will be balloted on February 27, at the "Freedom Train" meeting, with Past Exalted Ruler Percy V. Long giving the address of the evening.

John J. Greeley has been named chairman of the San Francisco Elks' traditional St. Patrick's stag dinner party and show.

News Column
For The Veterans

The Veterans Administration's annual report to Congress revealed that marked progress has been made toward the goal of providing all eligible veterans with the best possible medical care in accordance with the highest professional standards.

VA's administrator, Carl R. Gray Jr., reporting on a period when General Bradley was administrator, pointed out that the growth of the medical staff and facilities has been impressive.

Among the accomplishments in the medical field are:

1. VA clinics provided outpatient medical and dental service on an unprecedented scale, thus

freeing many hospital beds for veterans who needed hospitalization.

2. The "home town" medical and dental care programs were expanded, making it possible for hundreds of thousands of veterans to receive care in their own home towns, often by physicians and dentists of their own choosing.

3. During the year VA hospitals admitted 533,000 patients, an increase of 53 per cent over the previous year. Hospitalization was considered complete, with the maximum benefit achieved in 83 per cent of the cases discharged last year. This was a slightly better record than the one made the year before.

Gray told Congress that "great strides" have been made in improving the quality of medical services offered by VA. He pointed out these facts: First, numerous

training research programs were started; second, many centers were set up to study and treat a wide range of veterans' disorders; third, VA staff physicians have benefited by the expanded residency training program.

"All these programs," Gray reported, "although far from complete, have already demonstrated considerable long-range savings in terms of money and human sufferings."

Question: Must a veteran have 10 per cent or more service-connected disability to be eligible for out-patient treatment?

Answer: Any veteran with an established service-connected disability is entitled to out-patient treatment for the service-connected disability regardless of the degree of disability.

Question: A veteran who has been granted compensation suffers

an increase in the severity of the disability. What steps must he take to get an increase in compensation?

Answer: He must submit written evidence to the Veterans Administration.

LINCOLN ESSAY HONORS ARE WON BY MARCIA GOLDEN

Last week, in a special assembly at Crocker elementary school, City Building Inspector Arthur J. Bodien presented his coveted annual award to young Marcia Golden, for her winning essay of the life of Abraham Lincoln.

The award is a plaque of Lincoln's famous profile, pounced out copper by Bodien himself. It is, each year, in the classroom essay contest winner. This year it will hang in Room 4 of Crocker school — the high sixth grade class of which Marcia is a member.

The winning essay is hereafter printed. Second place essay, written by Bob Golobich of Jefferson school, and third place essay, by Marjorie Duncan of Jefferson, will be published in succeeding editions of The Record.

Honorable mention in the Lincoln contest goes to Virginia Chan and Norma Van Werff of Crocker school, and to Florine Jespersen of Woodrow.

BRAHAM LINCOLN
By Marcia Golden

As a boy Abraham never went to school. When he did it was a great event. So, one nice Saturday he went to town with his father. On the main street of the town he saw a slave auction. The white men were auctioning a negro mother. Young Abe saw the mother's child crying. Ever after that he hated even the word slavery.

He was born February 12, 1809 in Kentucky. His mother, Nancy Hanks, was a capable and good woman. The family was always poor, but paid its debts.

Later they moved to Indiana, partly because of getting land in Kentucky. In Indiana they settled in an unbroken forest. Acting as Abe was, he had to help clear the land. He also helped in plowing and harvesting seasons.

His dear mother died in 1818 which caused him much grief. Another great grief which affected his later life was the death of his sweetheart, Ann Rutledge.

A year later his father came home with a new Mrs. Lincoln. She was a widow with three children, but she treated Abe as her own child.

Abe had very little schooling in his youth. You might say he was self-educated. His step-mother helped him very much in his studies. Night after night he lay in front of the fire reading his well worn books. He would practically go to anything for a book.

His family moved to Illinois in 1830. He left home when he was twenty-one to study law at New Salem. In 1834 he was elected as a Whig member of the Illinois legislature and was re-elected for two more terms.

Lincoln was six foot four inches tall. He spoke in a high tenor voice. He had sort of odd features, but his good nature and personality helped him along in his career.

He became well known as an orator, especially through his debates with Stephen A. Douglas.

While working in law, he met the beautiful and graceful Mary Todd, whom he later married. They had four sons, one of whom died in infancy.

The important things he did in his life were: the Gettysburg Address, the Divided House speech, and a letter to a mother who had lost five sons in the war. This letter was the most perfect tribute

to one who had given so much that had ever been written. But perhaps, even more important was the fact that proved that America was the land where each person could climb as high as his ambition and ability would permit. This naturally has been both incentive and inspiration to many young men.

He was the president that led the country during the Civil War. He was elected in the Union and wanted to see it preserved as a government of, for, and by the people.

Soon after the war was over Abraham and his wife went to a theater. An actor in the show, John Booth, shot the next morning. He died the next morning.

San Mateo Jaycee Wins Another --- It's 8 Straight Now

Still tied by Marin Jaycee for first-place basketball honors, San Mateo Junior College won its eighth consecutive victory by defeating Santa Rosa Junior College 54 to 40 on the San Mateo court. San Mateo has two conference games scheduled for this week end, meeting Stockton Friday at San Mateo and Placer Saturday at the same place. Placer is the only Jaycee to score a win over the Mateans.

The college office reports that enrollment figures are ahead of the same period a year ago and six months ago.

Junior College Players are moving their club's work along by holding rehearsals for the spring play, "The State of the Union." The Pulitzer-prize winning comedy is especially suitable for this term as this is election year. Miss Ada Beveridge of the drama department is coaching the Players.

The heavy program by the Evening School at the college has just announced a new section, one in San Mateo county government, offered by Dr. David Rempel.

Featuring programs of educational entertainment every other Monday evening, Community hall of the Evening School has just signed "Julie Andre, mezzo-soprano and guitarist, who will present a program of Latin-American songs June 1 at 7:30 p. m. in the college auditorium. The general public is invited without charge.

to one who had given so much that had ever been written. But perhaps, even more important was the fact that proved that America was the land where each person could climb as high as his ambition and ability would permit. This naturally has been both incentive and inspiration to many young men.

He was the president that led the country during the Civil War. He was elected in the Union and wanted to see it preserved as a government of, for, and by the people.

Soon after the war was over Abraham and his wife went to a theater. An actor in the show, John Booth, shot the next morning. He died the next morning.

This was perhaps a greater tragedy than anyone could realize at the time. For in addition to losing a great president and a great man, the country lost the man who had planned to rebuild our nation "with malice towards none, with charity towards all."

Everyone grieved his loss. He always tried to help the poor and underprivileged man. He did this because he remembered only too well his own poor days. He was a leader in every sense of the word, yet never did he sacrifice honesty, kindness, justice and a fine sense of humor to gain any personal triumphs. Indeed, the doctor who last attended him spoke the words which have been echoed ever since — "Now he belongs to the ages."

SUMMONS
No. 44971
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo, and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

DOROTHY S. IRELAND, Plaintiff vs. HORACE A. IRELAND, Defendant

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

HORACE A. IRELAND, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 22nd day of January, A. D., 1948.

W. H. AUGUSTUS, Clerk
By MURA B. STILLES, Deputy Clerk

FRANKLYN M. O'BRIEN, Attorney for Plaintiff, 7th Floor, 485 California St., San Francisco, Calif.
(Pub. Jan. 22 through March 25, 1948.)

Mrs. J. A. Morrill Honored At Shower

Pink and blue was the color scheme for the Robert J. Morrill home last Saturday night when the hostess honored her sister, Mrs. John A. Morrill, with a stork shower.

Gifts were arranged in a bow-bedecated bassinette. A decorated baby scale was the main attraction of the pink and blue appointments. Storks, cradles and baby shoes, all in miniature, were place card favors.

Highlight of the dessert refreshments was a cake, inscribed with "Welcome Little Stranger" in frosting.

Bid to honor Mrs. Morrill were Mesdames J. P. Sheridan, C. Robinson, Robert Russell, J. F. Sheridan, E. R. Milroy, M. Thun, A. Perry, D. Richman, E. G. Milroy, A. Warren, Miss Joan Warren and Miss Maureen Milroy, the hostess' daughter.

Offie Mendez, Don Welsh Make Plans For June Wedding

Another young couple who have trothed are Ophelia Mendez of San Francisco and Daly City's Donald Welsh.

"Offie," as her friends call her, is the daughter of Mrs. Concha Mendez and the late Mr. Mendez. She is a graduate of St. Peter's High School.

Don, whose parents are Mr. and Mrs. Raymond Welsh of Hanover street, is a graduate of Jefferson High School where he is prominent in sports. He is a member of the Marine Club in San Francisco.

Both Don and Offie are employed at the Metropolitan Life Insurance Co., where they met. A nuptial mass is planned for June 3 at the Most Holy Redeemer Church in San Francisco.

Need Phosphorus
Lacking phosphorus enough in their feed, cattle may develop nutritional diseases, the most common of which is known as "creeps." For a remedy, scientists recommend phosphorus compounds dissolved in the drinking water or mixed with feed. Bonemeal fed in a self-feeder is a convenient way to supply phosphorus. For prevention there is a third and indirect method of improving the phosphorus supply by fertilizing ranges and pastures with a superphosphate.

OFF THE BLOTTER

Thefts, auto and home accidents and vandalism kept Daly City police busy during the past week—a record seven days of minor and major crime in the entire Bay Area.

A large sheet of plywood was reported stolen from the top of a car parked in front of the Schulte home at 340 Hillside boulevard last Wednesday. The owner told police it had taken two men to lift the sheet to the car top; that it must have been two men who removed it, unobserved.

Police sent out a call last Thursday for the apprehension of Robert Johnson Miller, 158 W. Moltke street, on receipt of a burglary report from his mother, Mrs. Agnes Miller. Mrs. Miller said that on her return from a 13-day visit in Los Angeles, she found several articles including a refrigerator missing from her home. She said that 16-year-old Robert, who also had been in Los Angeles, must have returned to Daly City as the clothes he had been wearing were in the house. Miller is on probation from L.A. juvenile authorities.

Nothing was found missing from Mrs. Francis' home at 243 Frankfort street last Friday, when she found two windows in her house tampered with. Mrs. Francis said she had left the house at 11:30 a. m., and found the windows broken when she returned an hour later.

A 16-year-old boy was turned over to juvenile authorities Saturday on a charge of attempted car theft. The boy was caught by Walter J. Kaufman, 560 Hillside boulevard, who told police he found the boy attempting to drive off in his car.

Two young boys admitted to police Monday that they had pulled a 15-foot antenna tower from the backyard of the A. R. McLane residence on East Vista avenue, and dumped it into the Daly City Quarry. The boys promised to return it to the McLane yard.

Property damage resulted from an accident last Thursday at the corner of Mission and Evergreen streets. A car driven by Angelo G. Besagno of Colma was hit by a vehicle owned by John Liles Jr. of San Francisco as it pulled away from the curb.

Property damage also resulted

from an accident at Mission street and Knowles avenue between cars driven by Robert H. Cunningham Jr. of San Francisco and Marjorie M. Ellis of the West Lake Motel.

Damage to both cars resulted from an accident last Sunday at the intersection of Mission and School streets. Drivers were Thomas George Apocotos, San Francisco, and Alfred Vincent Augenstein of Colma.

Edward Atkinson, San Francisco, and Raymond A. Neylan, 104 W. Moltke, were involved in an accident Monday at Bruno avenue and W. Moltke. Both cars were damaged.

A car driven by Alama Steach, Mountain View, was damaged Monday when it was hit by another vehicle driven by Tishe Bertolucci, South San Francisco, at Mission and Vista streets. Steach had stopped suddenly for a pedestrian in the crosswalk.

Charlene Ledson, 73 Los Banos avenue, was treated at Junipero Serra hospital last Friday for a lacerated hand. She had cut her hand while washing dishes.

Patrolman Ed Beecher was taken to Junipero Serra hospital Saturday for back injuries sustained in an accident at Mission and Crocker streets. The officer was hurt when his motorcycle crashed into an army jeep. Raymond Gardner, a soldier stationed in San Francisco, was not cited.

A six-year-old girl was treated at Junipero Serra hospital Sunday when she bit her tongue in a collision at San Jose avenue and Mission street. The girl was riding in a car driven by her father, John Valera, 285 Woodrow street, which collided with a vehicle belonging to Clarence Kelton, San Francisco.

Lee Phillips, 31 Rice street, was held for observation in Permanente hospital Monday after he had been struck by a car Sunday night on Mission street near Evergreen avenue.

Phillips told police he was taken home by the driver, whose name he did not remember. He went to the hospital the next morning, when he awoke feeling ill. He described the man as about 5 foot 6 inches, with black curly hair, and driving a brown or tan Buick, late model.

Elementary Schools Have Own League In Rec. Basketball

The newly organized Jefferson Elementary School District Basketball League held its first league games at the Jefferson High School gymnasium last Friday night.

The league consists of all the elementary schools in Daly City—Crocker, Our Lady of Perpetual Help, Woodrow Wilson and Jefferson Elementary. This new league is being sponsored by the Daly City Recreation Department in order to create an interest in athletics among grade school students.

The P.T.A. from each school has supplied uniforms for their teams and the Merchants association is supplying a trophy for the winning team plus medals for the members of the championship team in both the A and B leagues. Coaches for these teams have been appointed by Elman Rose.

Rosters for various schools are as follows:

"A" TEAMS
CROCKER: William Willson (F), Norman Cady (F), James Bricker (G), Harold Plumere (C), David Boraza (F), Martin Verece (G), Owen Charles (F), Jack Phillips (G), Stanley Davis (G), Bob Tackett (G).

O.L.P.H.: Billy Sherriff (G), Mike Casentini (G), Pat Marsiglia (C), John Hughes (F), Tom Williams (F).

WOODROW WILSON: Bruce Selmi (F), J. Lewkowicz (F), Jack Alline (C), Lolla Huntsman (G), Gary Johnson (G).

Coaches for the "A" teams are as follows: Crocker, Bob Seiler; Jefferson, Don Pagan; O.L.P.H., "Bucky" Linhares; Woodrow Wilson, Art Valverde.

"B" TEAM
CROCKER: Don Espinoza (F), David Martine (F), Bob Murchison (C), Joe Christensen (G), Dick Hansen (G), Gary Anderson (F), Ed Roffo (F), Don Postkos (G), John Seymour (G), Dick Dowell (G), Bill Miller (C).

O.L.P.H.: Ray Rosa (F), Pat Laramie (F), Ed Nolan (G), Al Bonocorro (C), John Madden (G), Glen Sanders (F), Elman Langensand (F), "Buzzy" Reardon (C).

WOODROW WILSON: Bruce Selmi (F), Walt Ramirez (F), Charles Allen (C), Tom Huntsman (G), John Johnson.

JEFFERSON ELEMENTARY: Bob Plunkett (F), Jack Frost (F), Oswald Salem (C), Pete Sococa (G), Leo Leveroni (G), August Lagomarsino (C).

High Altitudes
High altitudes have been found to cause dental disorders such as toothaches and irritation of the gums, some of which disappear when the individual returns to the ground.

Closet Walls
Dark closet walls can be robbed of their drabness with a can of paint. Colors used in the closet should harmonize with the color notes of the bedroom, whether the bedroom is painted or papered.

Better Paint Jobs
Not so long ago all automobiles were painted by hand and brush. The custom job had 24 to 30 coats of paint and varnish, laboriously hand applied, rubbed and polished. Most cars today get and need only one or two coats of enamel or lacquer which is sprayed on and dried in a fraction of the time and at a fraction of the cost.

SPORTS

Contestants In Boxing Bouts At Jefferson High

Lists of contestants in the forthcoming exhibition boxing matches at Jefferson High school were released this week by the school's athletic department.

The bouts will feature boxers of all classified weights—welter, middle, light-heavy and heavy—ranging from 99 pounds and under to 175 pounds and over.

VETERAN'S QUIZ on HOSPITALIZATION

Q. Which veterans are entitled to hospitalization in a VA hospital?
A. Those with service-connected disabilities have top priority. Treatment may be given to non-service cases if the veteran cannot afford treatment elsewhere and a bed is available.

Q. Will VA pay for hospitalization in a private hospital?
A. It will if the request has preadmission approval of VA and the treatment is for a service-connected disability.

Q. How does a veteran apply for treatment in a VA hospital?
A. Application should be made, either in person or by letter, to the nearest VA office. In an emergency, a relative or friend may telephone a VA hospital or office and reverse the charges.

Q. Does the veteran have a choice of hospitals once treatment is approved?
A. Usually the patient is assigned to the VA hospital nearest his home. But he may be moved to a special center in another section of the country if his disability warrants.

Q. Are dependents of veterans disabled in service entitled to free hospital treatment?
A. No. Under existing laws, only veterans are eligible for VA hospital care.

For complete information contact your nearest Veterans Administration office.

Woodrow Wilson P. T. A. Observes Anniversary Tues.

Woodrow Wilson Parent Teachers Association celebrated its 25th anniversary at a Founders Day meeting Tuesday in the social hall of the Nazarene Church.

A short play based on Founders Day was presented by Mesdames Ruth North, Florence Kelly and Jean Bright, with Mrs. Ethel Gray playing the piano. Gardena corsages were presented by Mrs. Kelly and Mrs. Bright to Mrs. Marie Miller, president.

Mrs. Ruth Emerson, vice president, and to all past presidents in attendance. Past presidents honored were Mesdames Frieda Cady, Elsie Hesselein, Ida Hanley, Catherine Foreman, Louise Laston, Frances Rickmann, Lillian Thomey and Lillian Brown.

A traditional candle lighting ceremony was conducted by Mrs. Bright, Mrs. Kelly and the past presidents.

During the business meeting the association decided to provide jerseys for recreation teams at the school. They also discussed a joint whist party with the Jefferson District schools in order to purchase robes for the Mother Singers. The date will be announced later.

At the close of the meeting a sheet cake attractively decorated for Founders Day was served with coffee and tea by Mrs. Thelma Hamilton and Mrs. Virginia McClintock.

MAY DAY FESTIVAL

Plans Underway For May Festival By Recreation Dept.

The May Day Festival Planning Committee met on Tuesday at 8 p. m. at the city hall. This, the first meeting of the committee, accomplished much in laying out plans and setting up committees to work out the many details of the gigantic city-wide festival.

The Festival is being sponsored by the Daly City Recreation Department with the cooperation of the many organizations in Daly City. It will consist of a long and colorful parade ending at the high school, with a full program to follow at the high school football field. The parade will begin at 12:30 p. m. May 2.

A queen is to be selected from Daly City girls. Contests are to be held at all the public schools and the parochial school within the Jefferson School District area. The May Day Festival queen will be chosen from the five winners of the individual schools. Runners-up will serve as attendants to the queen. The queen will be crowned and schooled for the occasion by the Bonnie Carrol Dancing School. Age limits are 6 to 8 years as of May 1.

The parade promises to be colossal. Included will be bands, drum corps, drill teams, marching units, and floats. Along with our local groups there will be some specially invited parade units from outside organizations. However, the parade will be made up primarily of Daly City and Colma groups.

The following organizations have already signified their intention of participating:

Fraternal organizations: Druids Lodge, American Legion Auxiliary 410, American Legion Post 410, N.D.G.W., El Carmelo Parlor No. 181, F.O.E. (Eagles).

Youth groups: Boy Scouts of America, Girl Scouts of America, Sea Scouts.

Dancing schools: Bonnie Carrol Dancing School, Daly City Dancing School.

Clubs: Rod and Gun Club (Daly City), P.T.A.'s, Mother Singers.

It is the desire of the Daly City Recreation Department to have all Daly City and Colma organizations participate. Please contact Elman Rose, director of recreation, city hall.

Oldest Farm Paper
The American Farmer magazine, believed to be the first agricultural periodical published in the U. S., was started at Baltimore, Md., in 1819.

SAVE ELECTRICITY!

HERE'S HOW YOU CAN HELP IN THE POWER EMERGENCY

If You Run a Business:

1. Turn off all window lights and electric signs.
2. Use no floodlighting — either exterior or interior.
3. Use electric power only when necessary.

If You Run a Factory:

1. Curtail power consumption wherever possible.
2. Stay off the "Peak" — Avoid use of electricity between the hours of 4 and 8 p. m., shifting operations to other hours wherever possible.
3. Check your plant and offices to eliminate all waste of electric power.

If You Are at Home:

1. Light no unused rooms.
2. Use appliances for as short periods as possible.

If You Are a Farmer:

1. Shut down your pumping plants wherever possible between 4 and 8 p. m., shifting your irrigation schedule to other hours of day or night.
2. Use electrically-powered equipment only when absolutely necessary.

Every Kilowatt Hour You Save Will Contribute to the General Welfare

Lowest fares are good in chair cars & coaches

on our finest, fastest trains!

No other form of low-cost transportation gives you the comfort, convenience, luxury and safety you get in chair cars and coaches on Southern Pacific trains.

You can read, write, play cards, enjoy the scenery, or sleep, as you ride. There's plenty of room to move around and stretch your legs. Most trains are air-conditioned and offer porter service. You'll find meals delicious, prices moderate, in dining and coffee shop cars. (Eating on the train is half the fun of traveling.)

The engineer does the driving. You relax, snug and comfortable no matter what the weather outside. Steel rails are the safest highway ever built.

You'd expect all this to cost a lot—but it doesn't. Hardly more than before the war. And low coach and chair car fares are good on our finest, fastest trains: The City of San Francisco and San Francisco Overland, San Francisco-Chicago; the Golden State and Imperial,

Los Angeles-Chicago; the Sunset Limited, Los Angeles-New Orleans; the Beaver, San Francisco-Portland; and the Daylights, between San Francisco-Oakland-Sacramento and Los Angeles. Seats on many of these trains are numbered and reserved. Reservations should be made in advance.

Remember, too, children under five years of age ride free, five to eleven inclusive for half fare.

Next time, try chair cars and coaches on S. P. trains.

S.P. The friendly Southern Pacific
